

2014 Museum and Gallery Building Improvement Program - Recipients

Recipient	Project Name	Summary	Amount Awarded
Macleay Valley Community Gallery	Gallery LED Lighting Installation	Contribute to a more financially and environmentally sustainable art gallery by replacing the existing Halogen Lighting 3,000K (3Kw/hr) with energy efficient LED Lighting 4,200K (0.9 Kw/hr) to reduce green house gas emissions, provide better illumination for the displayed art works and reduce energy costs.	\$8,468
Walcha Pioneer Cottage & Museum	Repair of leaking wooden shingle roof of Museum building	To repair the leaking wooden shingle roof of the Museum building which is causing internal damage and risk to the artefacts.	\$15,000
Port Macquarie Museum	Replacement roof drainage system	To engage a contractor to carry out replacement and improvement guttering and roof drainage work in order to address inadequate roof drainage and the resulting serious damp, salt and mould problems in the State Heritage Register listed Port Macquarie Museum building.	\$11,500
Bega Pioneers Museum	Building Assessment	To engage a Consultant to report on the condition of the building fabric, energy efficiency of the building, stability of internal environmental conditions, the need for, or impact of, air-conditioning and lighting systems on the building environment, the need for storage and improved access to the building and to identify and prioritize building improvements.	n/a

Golden Memories Museum	Building Assessment	To engage a consultant to assess the Good Templars Hall and Pioneers Gallery for structural soundness, lighting, advice on disabled access and any restoration or repairs that may need to be attended to. The flooring has been replaced in recent years and the exterior of the building has been painted.	n/a
Moruya Museum	Building Assessment	To engage a consultant to undertake a feasibility study into the condition of the building fabric, energy efficiency of the building, stability of the internal environmental conditions, the need for air conditioning and lighting systems as well as relevant regulations that need to be adhered to when considering modifications.	n/a
Tarella Cottage Museum	Building Assessment	To engage a professional consultant to undertake a study of "Tarella" to identify the physical condition and the work required to ensure its conservation. Also to provide advice on appropriate means to improve the buildings function as a museum including its accessibility and energy efficiency.	n/a
