- Record a 2 minute conversation between you and a family member or a colleague about your town or lockdown, or your favourite dinner. Pretend the phone is a microphone and hold it a handspan from your mouth when recording. Move the phone between you and your interview partner as if you're a TV reporter. DO NOT PUT PHONE ON TABLE TO RECORD!
- Record some natural sound effects – this is simply whatever is in your environment, either the birds and traffic outside or the kettle boiling in your kitchen, or your dog barking! Be creative.
